

Single Ear Clamps

- Fast & easy connection
- Uniform compression

Adjustable Ear Clamps

Single Ear Clamps

Single Ear Clamps are suitable for fast and safe connection of pipes, and they make the pipes for uniform surface compression. The outside interlock, smooth band and burr-free edge prevent hoses from damaging during installation.

Y449 - Single Ear Clamps

Min. Dia (mm)	Max. Dia (mm)	Band Thickness (mm)	Band Width (mm)	Material	Part Number
8.8	10.5	0.5	5	304 S.S.	Y449-50W10.5
